Proposed Agenda for Ada Trip Jan 29 2013 - GJF.docx

Dom and Kelly:

Following Gary's lead (and the draft report and brief titles), here is a suggested title for Dom's presentation: "The Science Driving the Investigation of Ground Water Contamination near Pavillion, Wyoming: Approach and Findings."

Let me know what you think.

Dom:

You were going to draft up the science questions guiding the project. Gary would like to include them in the agenda for Cindy and Ramona. Send a draft to Kelly and me, to see if anything else is needed, and then we'll forward to Gary for inclusion in the agenda.

I met with each of you yesterday to discuss the visit of Ramona, Cindy, Alice and Jennifer to Ada.

Here is a proposed agenda for you to comment on.

Please today draft sub-agendas for your meetings based on our discussions. For Ann and Kelly, please prepare the one-pagers focussing on project impacts as soon as you can.

Steve, we can discuss this at 11:00 today.

Sub-agendas needed from

Dave -- HF Meeting with Alice; also revise the title for the afternoon presentation if you wish

Dave, Dom, Kelly -- agree on the science questions that will serve as an outline for the Pavillion presentation.

Steve -- Meeting on Admin/staffing issues

Ann -- Branch Meeting, short presentations on projects/potential impacts

Kelly -- Branch Meeting, short presentations on projects/potential impacts

Joe -- Your meeting with Cindy; is there anyone else that needs to be a part of it?

Thanks,

Gary
